RE: EPA approval of Schnitzer Steel *Sediment Post-Removal Site Control Plan* and
Sediment Post-Removal Quality Assurance Sampling Plan

Dear Mr. Jakubiak,

EPA has reviewed and hereby approves of the March 28, 2000 *Sediment Post-Removal Site Control Plan* and the *Sediment Post-Removal Quality Assurance Sampling Plan* included as Appendix A.

Pursuant to Section XIX of the October 13, 1998 Administrative Order on Consent, EPA has determined that Schnitzer Steel has fulfilled all obligations required by this Order, with the exception of continuing obligations required by this Order. These continuing obligations include, but are not limited to, payment of oversight costs and long-term monitoring of the sediment cap in accordance with the above-referenced plans.

This letter also provides notice that future submission of monitoring reports and other correspondence should be directed to Peter Contreras who has replaced Allison Hiltner as the Hylebos Waterway Remedial Project Manager. Please send correspondence to the following address:
